Our topic for Science this term is ‘Push and Pull’. Students will be investigating force and gravity. They will look at how force and gravity acts on common objects such as toys and household equipment. We will also look at how the affects of force and gravity may change in different environments such as in the air or under water.

This term students will be learning to write Narratives, Information Reports, Descriptions and Procedures. Our writing will be linked to our HSIE unit of work.

In HSIE students will be looking at the topic, 'Identifying Us’. In this unit, we will look at groups within in our community. We will then examine which groups students belong to and why it is important to have groups in communities and the purposes they serve.

This term, Joe Cooper will take Stage 1 each week for physical education. All classes will be learning a range of skills and movement and will be applying these to exciting games and sports. Please ensure your child is wearing comfortable shoes and appropriate clothing on the days they have PE.

Our PD topic for this term is Interpersonal Relationships. Students will learn a range of social-emotional skills that will assist them in making and maintaining friendships.

All students in Stage 1 are expected to read every night at home. Home readers are changed daily (or when the student has finished the book). Homework is handed out on Mondays and collected the following Monday. These will both commence week four.
